Lawrence Humane Society

Humane Education Program

Living with a pet helps us enjoy family life and teaches us something about responsibility. Through humane societies and animal shelters, we can learn about the importance of adoption, spaying or neutering our pets, and responsible pet ownership.

"Say it and wear it" Spread the word and support your local humane society by wearing a shirt with the humane message.

BE KIND

We need to treat all animals with love and respect.

- All animals need a special place of their own to feel safe and secure.
- Pets need the right foods to help them grow up healthy and strong.
- It is important for your pet to get regular checkups and vaccinations.
- Most of all, every pet needs love.

HELP PREVENT

PET OVERPOPULATION

Can You Find....

- The Dog Who Needs A Child To Give Her Exercise.
- The Cat Who Needs To Be Spayed And Has Had A Litter.
- The Turtle Who Needs To Be Taken Back To The Forest By A Friendly Shelter Worker.
- The Lost Puppy Who Needs His ID Tags.
- The Cat Who Is Stuck In A Tree.

SPAY/NEUTER

Many of America's animal shelters have too many pets. By having your pet spayed or neutered you help fight pet overpopulation. Your

pet will have a longer, healthier life too because they will have a lower chance of getting cancer and infections.
